When Pay Day Comes

THE first claim you should meet on pay day is your savings. In time of sickness or unemployment, your money is your best friend—if you have saved it.

There comes a time for all of us when ability to earn must cease. Your accumulated savings must then take the place of your present earning power.

LETHBRIDGE BOARD OF TRADE EXHIBITION INVITATION

Lethbridge, Alta., June 5, 1925.
The President, Board of Trade,

Blairmore, Alberta.

Dear Sir: I am directed by the executive council of this board to extend to you and the people of Blairmore a very hearty invitation to visit Lethbridge during the exhibition being held June 30th to July 3rd, and during that time to utilize the offices of the Lethbridge Board of Trade as your headquarters.

The exhibition board has planned to make this fair the best that we ever held in this part of the country, and it will feature a huge parade and pageant on July 1st, representing the progress of the province, dominion and city during the past twenty-five years. There will be an Old Timer reunion, in which many of your members will meet old acquaintances. A buffalo barbecue is being held, as well as baseball games, three days racing and many other attractions.

Special rates and trains are being arranged on all lines and all your members who can arrange to visit the city may be assured of a very warm welcome.

Yours very truly,
JAS. S. ROSE, Secretary.

MINE EXAMINATIONS

Examinations in mining, etc., are being held on Wednesday, Thursday and Friday, this week, in the local Lodge Hall.

The following candidates are sitting for different certificates:

For first-class or mine manager's certificate—David B. Young and Harry W. Wilton-Clark, Coleman; Marc Plaud, Bellevue; William James and Frank Yates, Michel, B.C.

Second-class certificate—Jean P. Fournau, Bellevue; Daniel Rees, Blairmore; William T. Hibbert, Coleman.

Mine surveyor's certificate—Fred Utley, Bellevue; W. G. Jewitt, Coleman.

Interchange, mine manager's certificate—M. D. McLean, Michel, B.C.

Presiding examiners—Moses Johnson, district inspector of mines, Blairmore; David Davidson, mine manager, Coleman; William Oakes, miner, Blairmore.

ARTHUR M. DENSMORE IS LIBERAL CANDIDATE

At a well attended convention of delegates from all parts of the Rocky Mountain riding, held in Calgary on Monday last, Mr. Arthur M. Denomore, merchant, of Landbreck, received the unanimous endorsement of the convention to stand as Liberal candidate in the forthcoming provincial election.

Two other names were advanced, and both assured Mr. Denomore of their support.

Mr. Denomore, in an able speech, accepted the nomination and decided to immediately start his campaign in the northern end of the riding.

Announcement of meetings in this district will be made in a few days.

Mr. Denomore is well and favorably known throughout the Crows' Nest Pass, having been in business at Lundbreck for close on twenty years. He was born in Nova Scotia forty-one years ago.

An executive committee was appointed at the convention on Monday, including Alex. M. Morrison, J. E. Gillis, F. Lotz, J. Brewster and D. R. McDonald.

Unanimous endorsement of Captain Joseph T. Shaw's leadership featured the convention.

The East Kootenay Power Company have decided to establish a supplementary steam plant, probably at Fernie, to cost in the neighborhood of one million dollars.

FINANCIAL STATEMENT OF FIRST AID DRAWING

Following is the financial statement of the draw in aid of the Alberta Crows' Nest Pass First Aid Association, which took place at Bellevue on May 31st:

Receipts from tickets sold	\$125.00
J. McAdew, 8 books	8.00
J. McAdew, Firebooks, Greenhill Mine, 8 books	8.00
J. McAdew, 1 book	1.00
J. McAndrew, 1 book	1.00
Meers, Cox, Greenhaigh and Darbyshire, Coleman, 4 bks	4.00
J. Miller, Maple Leaf, 5 tickets, book finished by M. Johnson and E. Royle	10.00
M. Hill, Calgary, 8 tickets, book finished by M. Johnson and E. Royle	10.00

Expenditures	
Prizes given, or to be given for the draw.	\$135.00
Cost of printing	9.50
Total expenses	144.50
Balance	\$200.89

The committee from Blairmore, Bellevue and Hillcrest endeavored to raise \$300 clear of all expenses in connection with the above. They regret failing to reach that amount.

The donations from Hillcrest Collieries Limited and Mr. Montgomery were in lieu of selling tickets at the mines; the donation from the Mine Rescue Fund is the balance from the mine rescue competition held in Blairmore some three years back.

Credit is due the local committees in charge of this work, who have given their time and labor gratis; also we extend thanks to those who helped in any way in connection with the above.

On behalf of the committee,
MOSES JOHNSON, Chairman.

JOHN KERR, OF PASSBURG, CONSERVATIVE CANDIDATE

Following the resignation of Mr. L. Parker, Mr. John Kerr, of Passburg, was, at a meeting held in the Greenhill hotel on Friday night last, chosen as Conservative candidate for Passburg in the forthcoming provincial election.

Mr. Kerr is a real old timer in the district and well known throughout the riding. He is a Scotchman by birth and came to this country upwards of twenty years ago.

For the past fifteen or sixteen years he has been a partner in the firm of Kerr Bros., at Passburg, which firm has since that time established a branch business at Bellevue.

Mr. Kerr has accepted the nomination and goes into the fight confident of winning.

Jack Dempsey has been ordered by the New York state athletic association to sign articles not later than June 22nd for the defence of his heavyweight championship title against Harry Wills, negro challenger.

PYTHIAN DRIVE REACHES CLIMAX TOMORROW NIGHT

DEPARTMENTAL EXAMINATIONS DATES ARE ALTERED

The great drive for membership instituted by the Pass lodges of the Grand Domain of Alberta, Knights of Pythias, will come to a close tomorrow night, when a grand rally will take place in the local hall, at which upwards of one hundred candidates will be given an opportunity to ride a brand new goat.

The drive has been the most successful ever staged in Alberta and great praise is due "Doc" Walwright for the success attained. Brother Walwright has a knack of staying with anything he starts and has never known a failure.

All members of Pass lodges are urged to be present tomorrow night at 6:30. A social entertainment will follow the work and you are assured of being able to reach home in time for breakfast Saturday morning. Send your wives and kids out of the

Owing to the fact that rural schools will be required for polling places on June 28th, the date of the provincial elections, the dates of the departmental examinations have been altered.

Attention is drawn to the fact that examinations set for Saturday, the 26th; Tuesday, the 29th, and Wednesday, the 30th, remain as previously announced. Those set for Monday, June 28th, will be held on Friday, June 25th, while those set for other dates will be held one day earlier, at the hour previously announced.

Strange, Romantic love Adventures of the Gapper you know

Joanna

by H. L. GATES

Published by arrangement with First National Pictures, Inc.

THE STORY THIS FAR.

Joanna, pretty, other-worldly girl, is informed by her employer, Graydon, that an unknown man has given her a million dollars to spend as she wishes. There are no strings attached, but she is to keep the name of the benefactor secret. She is not even to know the name of her benefactor. She endeavors to vain to learn more from banker George, where she meets his nephew, Brandon, a young cowboy who helps her write her first check and tells Joanna that he intends to make love to her. Brandon, the son of one of many ranchers by the side of the girl companions and the merchants with whom she deals, spending her new found fortune, believes her to have good looks in addition to the money she receives because she is a girl of means.

"Drop the 'who' thing, George," she warned.

She heard Mrs. Adams' confusion. "Why, yes, I'll tell her you're asking for her."

She had intended to let "Mr. Good Morning" feast his eyes also, but suddenly she lost the flavor of her play. She awoke smartly and without as much as a nod, leaving an endless volley of questions completely unanswered, she elbowed her way into the street.

She had thought of going up to Mr. Graydon to see him and ask him some more wild questions, but the fort-

Why did everyone, even George, who out of some very definite understandings between them, should know her pretty well—why did all of them think things? What was wrong with the world, the whole world? Was there no one who really knew about a girl? Not even among other girls?

Something very profound was stirring down below the surface of the deep brown eyes of Joanna, but it was still too abstract a confusion for her to grapple with. She was singing again when she reached home. The world for some unfathomable reason had picked her out to be good to.

When George arrived, breathless from her rush from the store, Joanna was in the midst of her feverish unpacking of boxes. She had forgotten her pique, and George had forgotten her offense apparently. She plunged in to help, valiantly trying to get in questions before her equals of delight over the procession of surprising new things. Whatever pertinent queries she had treasured up against opportunity to voice them were effectively silenced when Joanna remarked:

"Lay off tomorrow, George. Get sick or have a boll or something. I'm going to take you to some place I found today and buy you some real things—whatever you want. But

you've got to wear your dresses too, little daughter! That black satin you affect is all right, I guess," told when you set the real things that have some honest-to-goodness style in them, why you don't need to wear them so skimpy to look your best. If you don't know what I mean stay awake tonight and think it over, George. I'm giving you something straight!"

"So straight it sounds like a sermon to me," the other girl retorted. "And this isn't Sunday, either! But you've got a license all right, I suppose?" It was a contentious finish, but Joanna preferred not to take it up.

Joanna heard Mrs. Adams through her door, doffing tell other girls in the house that the drawing room has been assigned for the evening. Her headlong flight reminded that there were lots of other wide open spaces in the world anyway. After a while, after she had reshuffled outright one of her new gowns to Georgia as an installment of tomorrow's promise, she thought she heard John come in from the front door. She listened eagerly, lips hot, eyes shining and body trembling, but there was no sign from Mrs. Adams. She fell again to examining herself in her bit of mirror, twisting and squirming to glimmer as much at one time as possible of her gorgeously soft and shimmering evening gown, out of which her throat lifted round and white. She'd always had a frock without sleeves and a fairly low cut neck, but each of them, modest affairs, had made her hungry for something real—something that really would be a gown. At last! What the feel of that dress was to Joanna nobody but Joanna will ever know. She wouldn't admit it herself, and it's the sort of thing that can be painted on a canvas or put into music, but never said in words.

She heard the rattle of the door handle. She slipped to Georgia to be quiet and opened her door an inch or two.

She heard Mrs. Adams answering an inquiry, and the voice she heard then was not John's, but the quiet, modulated tones of the man she had met at the bank—Brandon.

She heard Mrs. Adams asking, "Why, yes, I'll tell her you're asking for her," and the voice she heard then was not John's, but the quiet, modulated tones of the man she had met at the bank—Brandon.

She heard Mrs. Adams' confusion.

"I am sure we will get on famously, but her friend and I—Well, tell about her, too, you see; if she is very long coming down. I have brought her some dowers. Will you be good enough to hand them to her?"

And then Brandon's suave voice:

THE BLAIRMORE ENTERPRISE

NEW ATTORNEY-GENERAL

THE CANADIAN RED CROSS SOCIETY

BASEBALL LEAGUE SCHEDULE

PREMIER OF ALBERTA

TO SPEAK HERE

Owing to lack of quorum, there was no regular meeting of the town council on Monday night.

Joe Christie, second youngest son of Mr. and Mrs. E. W. Christie, Blairmore, met with a painful accident in the mine on Friday last, when a trip of cars passed over his right forearm, necessitating amputation near the elbow. Joe is doing well as can be expected.

WHO ARE THE

PASS OILS LIMITED?

Elsewhere in this issue will be found the advertisement of The Pass Oils Limited, and the question is asked, "Who are they?"

The Pass Oils Limited were organized quite recently with the following represented on the directorate: H. H. Boscombe, Pincher Creek; A. G. Clarke & Co., Lethbridge; G. F. Bletcher, Lethbridge; L. L. Morgan, Blairmore; R. T. Baldry, Coaldale; C. L. Dodge and M. S. McArthur, Lethbridge, and others.

The company has already secured valuable leases in the Turner Valley field, and are becoming interested in the Kevin, Montana, field, to the extent that leases are being secured which are closely surrounded by producing wells, one of which is within four hundred feet of where it is proposed to erect the first derrick.

Those who have lately visited the leases are loud in their praise of them as an opportunity for investment, and agents appointed state that they are experiencing no difficulty in finding ready buyers of stock.

One of the company's leases in the Kevin field is in the very centre of the best producing area and is surrounded by no less than five producing wells, while last week other derricks were being moved to that locality. Mr. D. C. Hagerman, field superintendent for the Queen City Oils, has secured the drilling contract and will commence operations immediately.

Mr. Hagerman is a geologist of note and it is claimed that no better authority has ever visited the Montana field. With such a man at the head of its drilling activities, a practical guarantee of success is assured.

Mr. L. L. Morgan, who is company with Messrs. H. J. Berlin and W. J. Bartlett, of Blairmore; D. E. Lewis, of Pincher Creek; R. J. Baldry and George Young, of Coaldale, and M. S. McArthur, Art. Bletcher and J. Rose, of Lethbridge, visited the field last week, has made the statement that "the enormous extent of the development there cannot be realized without a visit to the field. We saw wells drilling, wells on the pump, derricks moving to new locations and wells being spotted." The proof is there. It is a proven field and we feel much elated over the prospects for Pass Oils."

The following agents have been appointed: H. J. Berlin, Blairmore; G. E. Snowdon, Coleman; D. E. Lewis, Pincher Creek; I. C. Pittsworth, Raymond; Arthur Caughey, Magrath; W. H. Quinn, Milk River; Roy Wacker, Welling; G. B. Moir, Barons; H. H. Young, Macleod, and the A. G. Clarke Co., Lethbridge.

AMERICAN CONSULAR SERVICE

Fernie, B.C., June 1, 1926.

The American Consul, at Fernie, is authority for the statement that President Coolidge on May 27th approved the Alien Voter Immigration Bill, which thus became effective.

Under this act the severity of the Immigration Act of 1924 is relaxed as to aliens who served with the armed forces of the United States during the World War. Such aliens, their wives, and unmarried children under 18 years of age, may now be admitted to the United States on non-quota visas, though born in Europe.

It is stated officially that the Canadian National Railway will use 1,300,000 tons of Alberta coal during the coming year on its lines in Western Canada.

Announcement was made during last week of the acceptance of the post of attorney-general in the Alberta government by John E. Lyburn, Edmonton lawyer. Hon. Mr. Lyburn has been sworn into office and will enter the provincial election this month for one of the five Edmonton seats. He takes the portfolio which has been held by Premier Brownlee since 1921.

John Farquhar Lyburn, the new attorney-general, is a comparatively young man. He was born 46 years ago in Ayr, Scotland, within two miles of the birthplace of Robert Burns. His boyhood was spent at Ayr and his early education obtained in the grammar school and academy at Ayr. On completion of his studies there, he entered the law offices of Gowdy & Douglas, of Ayr, where he was apprenticed in law for five years. Completing this, he entered the office of Kidstone, Watson, Turnbull & Co., of Glasgow, one of the oldest established legal firms in Scotland. During his period in these offices he entered the law courses in Glasgow University, and passed his final examinations and was graduated in 1905, when he was admitted in practice of law in Scotland.

Mr. Lyburn remained in practice in Glasgow until 1905, then went to Hamilton, Scotland, where he remained in practice until March, 1911, in which year he came to Edmonton. In Edmonton he entered the law offices of Short & Cross, with whom he remained for 18 months. His first venture into private practice was under the firm name of Lyburn, Mackenzie & Cook, which firm was dissolved in 1914. He then took as partners Mr. John Scrimgour, and later Mayne Reid. Mr. Scrimgour retired to the old land some years ago, and the firm continued as Lyburn & Reid, until the present.

Mr. Lyburn has been before the courts of the province practically ever since his arrival in Edmonton. His work as counsel has become notable, and his success in this respect is well known. He has handled all the commercial work of his firm, and a very extensive practice has been established. Recognition of his standing in his profession has come in many ways, among them being the fact that he was president of the Edmonton Bar Association during the term of 1924-1925.

ALBERTA-MONTANA HIGHWAY ASSOCIATION TO MEET AUG. 23

Lethbridge is the 1926 convention city of the Alberta-Montana Highway Association, sponsors of the International Sunshine Trail, connecting Edmonton, Calgary, Lethbridge and Coutts with the Montana cities of Bitterly, Great Falls, Helena and Butte.

Preliminary discussion of the convention dates and agenda has been opened between the Montana and Alberta officers, with the result that August 23rd has been suggested as a feasible date. It is probable that this date will be chosen.

J. W. Speer, of Great Falls, is president of the association this year, succeeding J. W. Davidson, of Calgary. The Great Falls and Sweetgrass delegations will make the Lethbridge trip by car, many of them proceeding north to Calgary, Banff and the Windermere country following the convention. Several parties plan to motor to Edmonton to visit Jasper Park before returning to the States.

ATTENDED FEDERAL

SESSION IN 1881

Dr. William Mackenzie McLeod, of Sydney, N.S., the only living member of the federal parliament who attended sessions in 1881 and 1882, arrived in Calgary recently in the course of a trip through Western Canada. He represented Cape Breton county in the house and it was during the session of '81 that the bill which finally chartered the Canadian Pacific Railway was enacted.

Arrangements are well advanced for a special effort on behalf of the above society.

Mrs. Conquest, from the provincial headquarters, will visit Coleman from Saturday morning of this week. Her engagements are as follows:

Saturday, June 12th, 3 p.m., at the W.A. tea at the home of Mrs. Frank Graham, senior, where she will be glad to meet the ladies of Coleman.

Sunday morning, at Blairmore United church, she will speak at the 11 o'clock service.

Sunday afternoon at the meeting of the Coleman branch of the society.

Sunday evening at the grand concert in the Coleman opera house, at \$3.00. The mayor has been asked to preside. The Coleman Amateur Orchestra have kindly consented to assist with the following artists. Mrs. Ashbridge and Mr. Johnson. An illustrated lecture by Mrs. Conquest.

Sunday, June 20th, great demonstration of friendly societies, lodges, etc., in the park at Coleman, by kind permission of the mayor and council.

A procession will be formed outside the town hall at 2:30, headed by the town band, and the following will take part: Numbers 1 and 2 troops of Boy Scouts, as marshals; the town band, local veterans, Junior Red Cross Society, West Coleman branch, Coleman pipe band, local lodges and national and friendly societies.

On arrival at the park, a service will take place, when short addresses will be given by Revs. D. K. Allan, Father McCormick and H. Laurence Nobbs. The Salvation Army officer will read the New Testament lesson of "The Good Samaritan." Hymns will be sung, led by the band. Collection for the Canadian Red Cross Society.

The support of every society and citizen in The Pass is requested for the work of this venerable society.

BALDWIN'S GREATNESS

The Cowichan Leader published the following interesting letter received from England from a former resident of Duncan, B.C. It reads: "Never has England shown the world more strongly what stuff she is made of. The rush volunteers, specials, hundreds of trains running the next day, no food grabbing, no soaring prices, everybody good tempered but determined.

"At Plymouth the police had a football match with the strikers and got beaten. Is there another country in the world where you would see such a thing in the face of attempted revolution?

I think the whole world can shake hands with itself and thank God that this Bolshevik attempt was staved in Old England.

"There is no other country in the world that could have risen solid to the occasion as England did—strangled the monster in nine days without a soldier being called out except on convoy to food lorries.

"She will be stronger than ever and Baldwin has proved himself the greatest man of his age."

DEFINITION OF A KNOCKER

After God had finished making snakes, toads and vampires, he had some awful snake left, with which he made a knocker.

A knocker is a two-legged animal with a corkscrew soul, a water-soaked brain and a combination backbone made of jelly and glue.

Where other people have hearts, a knocker has a tumor of decayed principles. When he goes down the street, honest people turn their backs, the angels in heaven weep tears of bitterness and the devil closes the gates of hell to keep him out.

Claiming the distinction of being the first woman returning officer to be appointed in a general election, Mrs. A. A. Baker has been named to act in that capacity in the Medicine Hat riding in the forthcoming provincial elections.

Following is the Crows' Nest Pass Senior Baseball League schedule:

Capt. J. T. Shaw's MANIFESTO

1. Immediate examination of our provincial taxation system and adjustment on sound principles of taxing powers between the province and the municipalities.

2. Decentralization as far as practicable in the services of government, so as to secure more efficient service at less cost.

3. An immediate and long overdue reduction in taxation with special tax adjustments for sub-humid areas not suitable to intensive production.

4. A serious and determined effort to make expenditure balance income every year, not every pre-election year only, as at present.

5. The budgeting of an adequate sum every year, on the sinking fund principle to effect the retirement of our public debt within a reasonable time.

6. Realizing the primary importance of the agricultural industry, the Liberal party pledges itself to assist that industry in every reasonable way, by ensuring that co-operative marketing enterprises get a square deal, secure from unfair competition and from all partisan influence and all discrimination; by the provision of adequate facilities for marketing the farmers' produce, by establishing, in close co-operation with the Dominion government, a system of rural credits based on some sound principles, by vigorous demand before the Railway Commission for needed reductions in railway and express rates and for the elimination of discriminatory freight rates, and by jealously guarding the farmers' interests in the western route, not only by zealous watching but also by proper representation.

7. The Liberal party undertakes to inspire a real leadership in educational affairs and will be prepared to make more liberal financial provision for that essential service. Also will use every endeavor to have the federal government not only continue but increase its grants for technical education. In addition there must be closer co-operation of the agricultural work undertaken by the university and agricultural and other schools in the province.

8. The Liberal party pledges itself to encourage an expansion in the hospital and nursing service of the province in order to promote the highest standard of public health.

9. The Liberal party has assisted in every possible way to secure the return to the province of its natural resources. This should soon be realized. If honored with public confidence the Liberal party proposes to undertake the prompt and efficient development of these resources for the public interest along sound business lines.

10. When entrusted with office the Liberal party will engage a small body of experts to examine the sources of power in the province for the purpose of evolving if possible a practical power scheme to supply cheap power to our communities for industrial and agricultural purposes.

11. The Liberal party offers a redistribution according to a definite plan on the principle of representation by population, paying, however, due regard to the more sparsely settled portions, geographical area and community of interest; it being understood that such redistribution will substantially reduce the number of provincial ridings.

12. The Liberal party proposes to encourage a policy of co-operative effort of all classes and their representatives in the interests of democratic legislation.

13. The Liberal party strongly favors and approves of a co-operative effort between the Dominion and Provincial governments for the purpose of securing old age pensions. The plan which has received second reading in the House of Commons is approved.

14. The Liberal party is responsible for every advance made in securing to women a larger measure of equality in political and economic matters. That policy must be continued until in every practicable way, women enjoy the fullest equality with men.

15. The Liberal party offers to the electors a policy of constructive effort and of action, and a government "of all the people, by all the people and for all the people."

BELLEVUE HORTICULTURAL CLUB

1926 Rules and Prize List

CLUB RULES

- That this Club be called The Bellevue and District Horticultural and Industrial Club.
- That the yearly subscription be \$2.00 per member and such levies that may be necessary to successfully carry on the society.
- That the General Meetings of the Club be held on the first Tuesday of each month, and that notices be posted at a time and place of convenience.
- That the Board of Directors shall consist of seven members and the President, and Secretary-Treasurer of the Club.
- That a quorum shall consist of five members and two visitors.
- That the appended rules shall govern all Exhibitions and Competitions.

EXHIBITION RULES

- The entrance fee shall be 10¢ per exhibit in each class except Classes No. 1, 2, and 76 which shall be 50¢ per exhibit.
- All entries to be made in writing to the Secretary of the Club on or before —.
- All members will have deducted their membership fee for the ensuing year.
- No prizes will be awarded unless there is one more than one prize.
- All exhibits must be in place by 9 a.m. on the day of exhibition, and no exhibit will be allowed to be removed from the exhibition hall before 6:30 p.m.
- Exhibits must be the property of the exhibitor. Production must be in the exhibition. Home-grown fruits and vegetables for preserves cannot be entered, must be made in the establishment of the person exhibiting and must be their own.
- All vegetables must be clean, sound and properly prepared for exhibition. The Club reserves the right to refuse acceptance of any entry, but will state reasons for doing so.
- All varieties of vegetables must be correctly, neatly and legibly named. Failure to do this renders exhibit liable to disqualification.
- On the entry of each exhibit, a card will be furnished the exhibitor, specifying class, definition and name of entry; which card must remain attached to the exhibit during the competition.
- The Club officers in charge will direct the placing of all exhibits and exhibitors must strictly obey the instructions given by such officer. The Club is responsible for having entries in each class staged together.
- Each exhibitor in each class was allowed to carry marks that may identify their ownership.
- No person shall act as judge in any class in which he exhibits or in any class in which he is interested for his own benefit. Judges shall hand in their awards in writing to the secretary of the club before leaving the grounds. Each judge shall ascertain from the Secretary whether there are any protests against any of his awards, in order that he may duly present to the board his reasons for the award.
- All entries will be lodged with the Secretary in writing within four hours after awards have been announced. The decision of the directors in all matters designated under these rules shall be final. A deposit equal to the value of the first prize of exhibits under protest is required. All deposits to be refunded if the protest is sustained.

14. In addition to the premiums offered in the prize list, the judges may recommend additional premiums that they consider worthy and the amount of which will determine whether or not premiums shall be awarded and the amount of same. Judges may also distinguish such exhibits as they consider deserving of notice, but not received prizes by tickets bearing the word Highly Commended.

In the absence of competition in any section, or if the article exhibited be of inferior quality, the judge shall have power to award only such premiums as the consider merited. The judges shall exercise such discretion as to whether they shall award 1st, 2nd or 3rd, or no premium.

15. Growers are heartily invited to exhibit such products not specially mentioned in the prize lists, but which are likely to be of interest as novelties or for an other cause. The Club does not undertake to vote awards for such exhibits, but where the exhibits are commended for awards by the judges the directors may award extra amounts of such amounts as they decide.

17. Any person who will attempt to interfere with the judges whilst in discharge of their duties, or shall at any time on the premises of the club, commit any act which would be construed as a sequence of any award made by him, shall forfeit his right to any and all premiums to which he might otherwise be entitled, and may be excluded from exhibiting for a year thereafter. Judges are particularly requested to keep records and brevets.

18. Upon the discovery of any fraud, deception, or any representation concerning any article or exhibit, it may have been intended to affect the decision of the judges, the directors shall have the right to withdraw payment of any and all prizes awarded, and prohibit any such party or parties from exhibiting for more years, and may also publish the name or names of such party or parties, or not, as may be deemed expedient.

The Board of Directors will use every precaution for power for the safe preservation of articles on exhibition, but will not be responsible for loss or damage. Owners must give attention to their own articles during the exhibition.

Should there not be sufficient funds on hand to pay in full, all prizes will be paid for pro rata.

Any person handling exhibits or moving ticket books will be fined there by the judges shall be liable to prosecution.

All prize money for exhibits will be paid by the club only, within two weeks after the exhibition.

Exhibition closes at 6:30 p.m. and all exhibitors admitted by tag.

Nels Nielsen, world's amateur ski champion, gave an exhibition at Shawbridge recently under the auspices of the Montreal Ski Club. Mr. Nielsen holds the record for the longest ski jump in the world, either by amateur or professional ski experts. At the Revelstoke, B.C., ski jump he attained a distance of 240 feet, two years ago. This has never been equaled or attained before or since.

The Prince of Wales spent a day inspecting the British Industries Fair at Birmingham, England, recently. When in the course of his tour he came to the important exhibit of the Canadian Pacific Railway, he stopped, smiled and exclaimed, "Good old C.P.R." On leaving the Prince's verdict was, "It is a splendid fair and I hope it meets with the success it deserves."

Shipped to the Governor of Sierra Leone, South Africa, before Christmas in care of the Dominion Express Company, the receipt of two cases of apples from the Ontario Department of Agriculture has been acknowledged by the Governor's secretary. The latter states that the apples, Baldwins and Northern Spies arrived beautifully packed and in perfect condition.

General meetings of the Montreal Railway Officers have been held in Montreal arranging for the forthcoming convention of the Canadian Railway Superintendents. The convention is to take place on June 15 to 18 next, and will be attended by railroad superintendents from all parts of the American continent. In all, about eight hundred or a thousand are expected with their wives.

With E. W. Beatty, President of the Canadian Pacific Railway, as one of its patrons, the Red and White Revue, an annual Musical Show written, produced and acted entirely by McGill Students, was offered to five capacity houses at His Majesty's Theatre at Montreal during the first week of March. This was the third edition of the Revue produced by the undergraduates of McGill University.

One of the largest and most valuable collections of Chinese Jade that has ever crossed the Pacific Ocean has just left the Canadian Pacific Line "Empress of Russia." The vessel arrived at Vancouver recently. The entire collection is the result of nine months excavation in the central and northwest provinces of China. The collection was produced by A. W. Behr, well known collector of New York city.

The Annual Italian Trade Fair, to be held in Milan, Italy, during the month of April, has the support of the Italian Government and all the commercial and industrial associations of the country. Judging from the applications already on hand from firms who propose to participate it should be a marked success. This exhibition should appeal to Canadian manufacturers and merchants who wish to increase trade between the two countries.

Arriving at Vancouver recently on the Canadian Pacific liner "Empress of Russia," three scientists, Captain L. Dominick, of Yale University, and Wilson Powell and Adrian Rubel, of Harvard, told of photographing the total eclipse of the Sun at an approximate cost of \$30,000 a minute. The three astronomical students were members of the Swarthmore college expedition who journeyed to the Island of Sumatra to photograph the latest eclipse of January 14.

Canada's agricultural growth during the past quarter of a century is well illustrated by figures compiled by the Dominion Government, which show that during the past year field crops had an estimated value of \$94,165,000, as compared with \$196,278,000 in 1925.

Exports from Canada for the month of February were \$27,612,147 while imports were recorded at \$70,908,384 for the same period. For the year ending December 31, 1925, total exports reached a value of \$1,297,744,683 while imports were fixed at \$911,107,055.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

Here and There

On May 16 two-hundred new Scottish settlers arrived on the Canadian Pacific liner "Metagama" in charge of Father R. A. MacDonnell, managing director of the Scottish Immigration Aid Society. This is the second consignment of settlers brought out this year under the Clan Donald plan.

The well-known comic strip artist, Clare Briggs of "Mr. and Mrs." fame, arrived in Montreal recently with six New York newspaper men. They then went up to the Laurentian mountains for some trout fishing on Lake Archambault and streams in the immediate vicinity of St. Donat Charette.

A. L. Rawlinson, passenger agent, and Victor Collignon, chief clerk of the Canadian Pacific Railway at Antwerp, have been appointed Officers of the Order of the Romanian Crown by His Majesty, King of Romania, for services rendered in connection with the general handling of Romanian passengers at the port of Antwerp.

An innovation is now in use along the Laurentian run of the Canadian Pacific Railway in the form of two hospital cars which will meet any demand which arises or urgent calls that may occur in cases of illness. First-class cars have been converted into hospital rooms in such a way as to easily take care of four or five sick persons.

A record single shipment of Indian motorcycles, consisting of 85 cases from Armory, Mass., recently arrived in The Netherlands coming forward by Canadian Pacific railroad and steamer lines. The demand for motorcycles in Japan is steadily increasing as this is considered a cheap and convenient method of locomotion and well suited to the somewhat narrow roads of the country.

Work on the New Grand Hotel at Yokohama, Japan, started in March after various citizens had pleaded with the municipality for at least one good hotel for one of the main ports of their Empire. The hotel structure will be of concrete with a steel frame and four stories in height. The estimated cost is \$1,150,000. Furnishings are expected to cost another \$350,000, bringing the total cost to \$2,000,000.

Initiative and resource shown by the Foreign Department of the Dominion Express Company went far to neutralize, if not entirely nullify, shipping troubles during the recent general strike in England. A fleet of motor trucks in London, Manchester, Bradford and Liverpool carried out receipts and deliveries in the usual manner thereby eliminating any ill effects to the British-Canadian trade during the period of the strike.

The English Football Team now touring Canada was met at Quebec, where they arrived on the Canadian Pacific liner "Empress of Scotland," by Samuel Davidson, Secretary of the Dominion Football Association. The team played the first game in Montreal and then went on to carry out the schedule at Hamilton, Toronto, Fort William, Winnipeg, Regina, Lethbridge, Calgary, Vancouver, Nanaimo, Victoria, Edmonton, Saskatoon, Timmins. The tour ends July 14.

Travellers who arrived on the "Empress of Russia" from the Far East, and who crossed Canada in order to connect with the sailing of the "Empress of France" from Quebec late in May, stated that action had been started for the stabilization of China and the end of brigand rule. Under the chairmanship of Sun Yen, son of the late president of Southern China, Dr. Sun Yat-Sen, a meeting was held which may result in the coalition of all the forces of order in China.

Cases of automobiles driven directly at trains in the course of traversing a level crossing during the first four weeks of 1926 were increased to four, or at the rate of one a week when an auto-truck struck the leading car of seventeen cars passing over the Yonge Street crossing at Toronto. The third prize for carelessness went to an auto-bus driver at Hull, Quebec, who drove his car through both gates of the Chelsea Road level crossing, in the west side of this city.

From 40,000 to 50,000 British immigrants will come to Canada under the new cheap passage arrangements made by the Canadian and British Governments and transportation companies. Hundreds of inquiries have already been received from those anxious to benefit by the new plan and among these are many from domestic servants.

LETHBRIDGE

Choice of Dominion Capital To Be Celebrated

1. Entrance to Rideau Canal to Ottawa River before fire destroyed Parliament Buildings. 2. Old entrance to Rideau Canal.

In the late summer of 1826 Lieutenant-Colonel John Galt, of Royal Engineers, selected the spot where the Rideau Canal should enter the Ottawa River, and in so doing selected the site of what afterwards became the capital of Canada, Ottawa. The centenary of this important event is being marked this coming August by a celebration which is expected to be national in character. The Dominion Government has already intimated its intention, not only of taking part, but of signaling the occasion by extension of its flag for the duration of the celebration. The celebration will include historical pageantry and a spectacular "Stampede" illustrating one of the historical phases of the development of that broad section of the Dominion.

In making his journey up the Ottawa, Galt was not planning for the capital of a Dominion but for a fort to strengthen the defences of the outposts of the British Empire. "During the 1812-15," says Hannett P. Hill, in a brief history of the construction of

the Rideau Canal, "the British authorities experienced much difficulty in the western part of the province. This was owing to the difficulties of transporting men and supplies from Montreal to Kingston, because of the rapids on the Ottawa and Rideau Rivers. They were also faced with the problem of a U. S. army blocking progress up the river by seizing some islands near Kingston. The cost of fortifying Montreal to Kingston was also excessive, being fifty-four shillings per cent."

This was the problem which Col. Galt took to Canada to solve. He had spent nine years in this country after 1802, when he had been entrusted with the construction of the Martello towers at Quebec and he had also superintended the construction of the Cedars Canal near Montreal. The task of building the Ottawa River, to connect the St. Lawrence and the Ottawa Rivers, 200 miles in length, through uninhabited country, was gigantic; at that stage of the development of the country, and its completion to the capital of Canada. The Dominion Government is also preparing plans for the extension of the Driveway which is such an attractive feature of the city.

28th INTERNATIONAL EUCARISTIC CONGRESS, CHICAGO, JUNE, 1928

Canadian Pacific to Operate Special Congress Trains

The 28th International Eucharistic Congress, to be held in Chicago, June 1928, will be one of the greatest religious demonstrations that the world has ever seen.

With the sanction of the Ecclesiastical Authorities and, for the convenience of people from Western Canada, with the assistance of the Canadian Pacific, the Canadian Pacific will operate special "Congress Trains," starting from Moose Jaw and Winnipeg. The Moose Jaw train will leave 5:30 p.m. June 18th; the Winnipeg train 6:15 a.m., June 19th. These special trains will carry equipment of the latest type, and provide a fine, fast through service to Chicago.

Special excursion cars will start from various points in the west and attached to the "Congress Specials" at Moose Jaw and Winnipeg.

REDUCED RAILWAY FARES
Reduced railway fares for tourists on trains in Western Canada will be placed on sale June 16th to 22nd, bearing a final return limit to July 2nd, 1928. These special fares will be honored on regular passenger trains.

The Canadian Pacific is in a position to make hotel reservations in Chicago, whereby passengers may complete every detail of their arrangements prior to departure. As demands will be heavy, it is urged those who intend making the trip should communicate as early as possible with the Ticket Agent in order that desired accommodation may be secured.

COWLEY HAPPENINGS

Ralph Hamlet, of the Royal Bank staff, Bellevue, was a week-end visitor to town.

M. A. Murphy has returned from Calgary, where he attended the meeting of the Grand Chapter, R.A.M.

A dance will be held here on Friday night, in the Tuscan hall, in aid of the school fair, under the auspices of the local teaching staff. The Blendwell Orchestra will be in attendance.

Owing to delegates not returning from convention, the regular monthly meeting of the Women's Institute was postponed till a week later, when it was held at the home of Mrs. Doyle on Thursday night, June 3rd.

This proved to be a very interesting and enjoyable meeting. After the minutes of previous meeting were read, together with the communications by the secretary, Mrs. Harry Hamann, the official delegate to the convention, read a portion of the report of the convention, after which a play, entitled "Family Resemblance," was staged by Mrs. Doyle, Mrs. Powell, Mrs. Hamann and Mrs. Snyder, which brought the house down with peals of laughter. Fifteen members and eighteen visitors were present.

Mrs. J. K. Weatherington joined our organization and paid the fee 25 cents, being one year's membership dues. This makes a total of nineteen members for this year. The next regular meeting of the Institute will be held at the home of Mrs. Snyder.

A dainty luncheon was served, to which everyone did ample justice. A few good Scotch jokes next went around, which brought the meeting to a close.

START ON NEW RAILWAY SOON

Promise has been given of an early start on construction of the Calgary and Southwestern Railway, a line calculated to tap coal reserves in the southern southwest of Calgary. Certain changes of route for the railway, were authorized in the recent session of the legislature.

FIRST AID BANQUET**AT BELLEVUE**

A social gathering of the Bellevue and Blairmore First Aid classes and teams took place at the Bellevue Inn, Bellevue, on the evening of March 31st. Some seventy persons were in attendance to partake of the supper and social that was provided for and financed by the Bellevue First Aid Association.

The following programme, with Mr. Ed. Costick as chairman, was carried out under the capable management of the local committee:

Pianoforte Solo, by Miss Walker, Bellevue.

Community song.

Remarks by Moses Johnson.

Song, by John McAndrew.

Community song.

Presentation of certificates to the members of the Bellevue First Aid class, by David Davidson.

Presentation of certificates to the members of the Blairmore First Aid class, by Noble McDonald.

Presentation of certificates to the junior members of the First Aid classes, by Fred Padgett.

Presentation of mediation to Moses Johnson, from Blairmore Local First Aid Association, by Wm. H. Chappell.

Cornet Solo, by Mr. Goodwin, Bellevue.

Presentation to Dr. Key, on behalf of the Blairmore First Aid class, by Moses Johnson.

Presentation to Dr. Key, on behalf of the Bellevue First Aid class, by John Milnes.

Presentation of prizes to the winners of the highest percentages in the senior and junior examinations of the Bellevue First Aid classes, on behalf of the Bellevue First Aid Class, by L. P. Robert.

Duet, entitled "Sitting in a Rescue Car" (tune, Sitting in a Shoe Shine Shop), by F. Utley and Ed. Costick.

Duet, entitled "No Spurts on Me" (tune, No Flies on Ankle), by F. Utley and Ed. Costick. These songs were composed by Mrs. Utley, Mrs. Costick and Mr. Utley. Thank you.

Remarks on First Aid work, by W. H. Chappell.

Remarks on First Aid work and story of the Scotchman and the fly, by Frank J. Smith.

Song, by Fern Millett.

Remarks on First Aid work, by William White.

Song, by James Makin.

Remarks on First Aid work and health, by Raoul Green.

Closing remarks, by J. J. McIntyre.

Mr. Johnson outlined the organization of the district First Aid Association, the financing and progress that had been made, making special remarks re the boys' work of First Aid.

Mr. Davidson remarked on the work that had been carried out at Coleman and the splendid number they had in their classes last winter; they having some forty-five members passed their examination after the completion of the classes. He emphasized on the work done at Coleman by David Davies for some sixteen years while in Coleman, and how the foundation had been laid and the work carried through. (Mr. Davies is now a resident some 150 miles west of Edmonton). Mr. Davidson also explained how the public in Coleman generously helped along in this work, and provided the finances so as to enable the committee to supply the members with books and bandages, but there is not sufficient assistance given by other parties in carrying through this good work.

Mr. L. P. Robert outlined the progress that had taken place during the last eighteen years of his residence in The Pass, more so during this last few years. He mentioned particularly that, although much work had been done, there is yet much more to be done, and to see a gathering of supporters of First Aid work here tonight, he was confident that under the able management of the local and district committees, this good work would still progress.

Mr. Wm. H. Chappell remarked and showed the comparison of the First

Aid work that was done some twenty years ago with the work that is being done at the present time. He also outlined the conditions under which any company or person could become a life member of the St. John First Aid Association.

Mr. White, who was captain of the Coleman team when they captured the Canadian championship cup some few years back, spoke of the progress that was made by their team and the success of same was due entirely to sticking together and constant practice. He also touched on the boy's work at Coleman, which was very promising.

Dr. Key, in responding to the presentations, made a very suitable reply and gave an enlightening talk on First Aid work, interjected with suitable stories.

Mr. Costick, who ably filled the chair during the evening, could not be excelled and his timely and witty remarks were very much enjoyed and appreciated by all.

Mr. McIntyre's closing remarks dealt briefly with the work he had done personally, also the work that had been done in Bellevue. He endeavored to apologize and offer an alibi for some work that he had done and also for some work he should have done, but could not make the final fall in line with his offer and apology.

Mr. Chappell, on behalf of the visitors, then thanked the Bellevue First Aid Local Association for their kind invitation to all and the splendid programme that had been prepared for them.

The singing of "O Canada" brought to a close every enjoyable event in the annuals of First Aid workers and supporters.

G. C. SOCCER TEAM
GIVEN GOOD GAME

The Pick of The Pass footballers held the Englishmen down to a three-one score at Lethbridge yesterday in one of the best games given the visitors on this side.

The Alberta team comprised:

Sawyer, Ferrie, goal; McMahon, Vets, right back; Jenkins, Michel, left back; W. Dunlop, Miners, right half; W. Lanning, Vets, captain, centre half; Pink, Vets, left half; Corlett, Coal Creek, outside right; K. McParlane, Michel, inside right; McVeey, Hillcrest, centre half; Rimmer, Lethbridge, inside left; Lanning, Vets, outside left. Reserves—A. Temant, Brewers, back; Bamforth, Hillcrest, half back; Radley, St. Mary's, forward.

The new six-million-dollar dry dock at Victoria is about completed.

Messrs. J. E. Gillis, M. Sartoris, C. Sartoris, W. J. Bartlett, J. J. McIntyre, Geo. Kelloch, J. A. McDonald, Ed. Leiden, Dr. J. Olivier and H. Finkley returned Wednesday morning from Calgary, where they had been attending the Liberal convention.

The Sailors' Magazine is published monthly, at \$2.00 a year, and ought to be in every western home.

Contributions can also be sent to J. A. Irvine, Hon. Secretary-Treasurer, 817 First Street East, Calgary.

Mr. J. A. Smith, inspector of high schools, is in The Pass this week end.

**SHOORTAGE OF FUNDS
AT CARDSTON**

An audit by E. D. Battram of the books and affairs of the Town of Cardston has disclosed an apparent shortage in 1925 accounts of over two thousand dollars. Application to the bond company for payment of the deficit was refused and L. K. Woolf, the secretary-treasurer, has been dismissed.

The bonding company refused to pay the deficit, alleging that other persons in the office, in addition to the secretary-treasurer, had equal liability regarding the cash accounts. The department of attorney-general was consulted by the town council and the whole matter laid before them. They sent an inspector, under the department of municipal affairs, who took the audit, and all the town records, receipts and vouchers to Edmonton, where they now are. What the results of their investigations may be is not known, but a further probe into the accounts of the town, especially for 1924, is very likely, according to a letter received by the council recently. The audit of 1924 was made by Mr. Royston.

The publication of the audit and the statement of the conditions of the town's books have been delayed by the council, pending these investigations. The fact, however, remains that the town cash is short by over \$2000, and the bond company refuses to pay the amount. However, the government assures the council that the bond company is responsible for the payment of the shortage. The whole question will likely go to the courts.

The Rev. Fred Cooke, who had the pleasure of being in Blairmore last week taking up subscriptions to the Sailors' Magazine and donations to the Navy League, wishes to thank the citizens of Blairmore for their very kind assistance and cooperation, the citizens of Blairmore having subscribed about \$85.00 to the Navy League of Alberta.

The Navy League of Canada is assisting the widows and orphans of men of the merchant service, maintaining sailors' homes and training boys and young men for better citizenship.

The Alberta division is required to raise \$8000 as its quota of the \$350,000 budget of the Navy League of Canada, and of that amount the people of Alberta have already subscribed \$6000 and the Navy League hopes to raise the balance in a very short time.

The Sailors' Magazine is published monthly, at \$2.00 a year, and ought to be in every western home.

Contributions can also be sent to J. A. Irvine, Hon. Secretary-Treasurer, 817 First Street East, Calgary.

Mr. J. A. Smith, inspector of high schools, is in The Pass this week end.

It is an economic truth that the imports and exports of a country must balance. That is to say, if a country imports more than it exports it must pay the difference in gold, which means that it sends money out of the country, that is, exports it. Thus is the balance maintained. On the other hand, if a country exports more than it imports then it has to be paid, which means an import of gold. Thus the country whose exports in raw materials, natural products, manufactured goods and general merchandise exceed imports of like character, and to whom the importing countries must therefore remit gold in order to balance accounts, can hardly help but prosper and grow wealthy.

There are, however, what are termed invisible imports. For example, Great Britain is obliged to import food and other necessities of life on a large scale, and it not infrequently happens that British exports of coal and manufactures do not equal these imports in value. Thus the balance of tangible trade is against Great Britain. But this is more offset by the fact that the mercantile marine of Great Britain is the greatest trading carrying agency in the world, and all countries pay tribute to Britain. The earnings of British shipping constitute a great but invisible import, and these imports, like exports, add to the national income and wealth.

There is another class of imports which operates in the same advantageous way, and one in a class of its own which Nature has equipped Canada to reap great benefits if the Canadian people make full use of their opportunities. We refer to tourist traffic. A tourist brings at least one thing with him—money. He spends it in travelling and hotel expenses, in means of recreation and pleasure, and in purchases in the country visited. Making Canada attractive from the standpoint of the tourist is, therefore, good national business. It will not only draw thousands of visitors from other countries, but it will encourage Canadians to spend their vacations in Canada, thus keeping their money at work for and in Canada, and in making them better acquainted with the Dominion and its enormous possibilities.

As already stated, Nature has done its part in richly endowing Canada with some of the finest scenery in the world and by making the Dominion a veritable sportsman's paradise. The Canadian climate, both in summer and winter, makes a strong appeal. But these things are not enough in this age. Tourists not only demand these things, and a marked change from the environment in which they live most of the year, but they insist on all modern comforts and conveniences, and go where they can be obtained.

Canada must, therefore, be made a country noted for its good roads if it is to capture any large share of the automobile tourist traffic which has now reached such large proportions. Canada must cater to the needs and tastes of all tourists by chains of good hotels, by bungalow camps, attractive summer and winter resorts.

And finally, there are the greatest beauty spots, the best roads lead and reasonable comfort and necessary conveniences can be enjoyed. A motorizing tourist along a good road arriving at a town or village which presents a well kept and clean appearance, streets well tread, an attractive little park, and residential lots, both back and front, tidy and with trees, shrubbery, grassy spaces and flowers, and where the hotel, no matter how small, is spotlessly clean and good meals served, will almost certainly stay awhile. But if the town or village is the opposite of these things, it is even more of a certainty that the tourist will hurry right on.

If costs some money to make our prairie cities, towns and villages pleasant and attractive. But it takes more of time and patience than it does real money to transform them as many have been and are being transformed into places of real beauty and restfulness. It is the development of the right type of community public spirit that really counts in the achievement of results.

The securing of a fair share of the growing tourist traffic of the continent is something that no Canadian city, town or village can afford to neglect. It is cash business, and frequently leads to larger and unexpected business developments, because many a tourist while on pleasure bent is also keeping an eye open for investment and business opportunities.

And th making of the home town bright, clean and attractive is in itself paying dividends to all the townpeople in increased local pride and pleasure at home throughout the whole year.

Must Fly British Flag

Using Other Flags Alone Forbidden by Bermuda Law

Because so many houses in Bermuda were flying the United States flag alone, the Bermuda House of Assembly has passed an act forbidding the flying of any flag unless the British flag is also flown. The United States flag was being displayed to attract tourists it was ascertained, and not because the inmates of the house were Americans.

Destructive Dust Explosions

No less than forty-five were killed, twenty-eight injured, and \$4,000,000 property damage done by dust explosions in the United States in the last year. The explosions occurred chiefly among manufacturers of wood and aluminum wares, starch, feed, cocoas, sugars, sugar.

High Altitude Affects Taste

Everest Climbers Found Onions and Peppermint Had No Flavor

A curious effect of high altitude was found, it is said, by the men who tried to reach the summit of Mount Everest. At a height of nineteen thousand feet the explorers lost their sense of taste such food as onions lost its flavor, and peppermint had no pep left by which it might be known.

In Learning the Business

Hair to Woolworth Millions Working In Long Island Store

Newspaper supplement editors will be glad to learn that Mr. Norman Woolworth, of the second generation in five and ten cent store business, is hard at work in the S. W. Woolworth store in Flushing, Long Island. Woolworth, whose income is said to reach \$5,500 a day, is serving out his time under one of those queen wills which make it incumbent upon the heir to learn the business from the bottom up. He wears overalls in the cellar, where he is officially known as "head of stock."

When the six p.m. gong rings a large Lincoln draws up to the door of the five and ten, and the pumpkin develops six cylinders, with a liveried chauffeur in attendance. The bell to the Woolworth millions gives James the high sign and is driven down the road a bit to one of the show places of Flushing, where he lives.—The New Yorker.

They Worked a

Miracle for Him

So Says Ontario Man of Dodd's Kidney Pills

Mr. H. Austin suffered with headache, dandruff, and was gradually losing strength.

He wrote to Dr. J. S. Dodd, Ontario, asking for advice. "There is no more remarkable business," says Dr. Dodd's Kidney Pills anywhere than here. "H. Austin, a well-known resident here. He has good reasons for his trouble," Dr. Dodd writes. "The idea is to praise Dodd's Kidney Pills, for the work they have done for me. I think it is a miracle. I suffered so much with my kidneys and pains in my legs and head, and I am now well again. I seem to be getting my strength. After using six boxes of Dodd's Kidney Pills, I am quite well. Thanks to Dodd's Kidney Pills, which I always keep in the house now. I have gained in weight."

Many men suffer periodically with headaches and arthritic pains in middle age. Rest may give temporary relief, but Dodd's Kidney Pills do more than this. They strengthen weak kidneys and reverse the cause of the pain.

Vodka Has Bad Effect

Blamed For Growth of Loafing in Soviet Factories

The re-introduction by the Russian Government of vodka of 40 per cent strength of 40 degrees is blamed by many in that land for the growing increase of loafing and abstention from work in Soviet factories.

The whole press, led by Economic Life and The Moscow Worker, is waging an against-loafing campaign. A worker corresponds from many factories, noting on the decline began last fall, when some workers connect it definitely with vodka.

One writer from the Moscow steel works says: "Unnecessary absences from work increase 25 per cent after pay days, the reason being drunkenness," which seems to dispose of the alternative reason advanced in some quarters that the growth of Soviet industry has brought in a number of unqualified workers from the country, lacking labor discipline, and causing accidents through unfamiliarity with their machines.

Studying Industrial Conditions

Eight English Workingmen Sent To U. S. By London Paper

A unique delegation arrived in New York recently aboard the Carmania. They were eight British workingmen. One was a patternmaker, one a boilermaker, one a blacksmith, one a toolmaker, one a moulder, one an ironworker, and one a tinsmith of the marine mark.

The name goes to the United States for four weeks on invitation of the London Daily Mail, one of Lord Rothschild's papers. They are eight actual workers, not labor leaders, sent to examine working conditions, wages and industrial methods in the United States. The newspaper is paying all their travelling expenses, paying their wives (who remain at home) the men's usual wages, giving the men one hundred dollars each for extra clothes and fifteen dollars a week spending money, and providing each with a five thousand dollar life and accident insurance policy while on the trip.

Madame Lenin Disillusioned

Tired of Soviets Asks Permission to Settle in England

Madame Lenin, widow of the great Bolshevik leader, has had enough of the land of Soviets and has applied for permission to settle in England, according to a dispatch to the London Times. The Russian authorities are doing their utmost to restrain the lady, who is known there as Comrade Krupskaya, from carrying out her intentions. Not to be sure, that they are enormously fond of her, as she has been a notorious critic, but be cause the fact is that she will devote her time in England to the writing of an expose of the Red movement that would be like a smashing thunderbolt in the Bolshevik camp. It is plain, however, that Madame Lenin is disillusioned as much as Emma Goldman and Alexander Berkman. Her desire to break away from Russia at this time would again show the ironical conflict between the dreams of the ideologist and the hard facts of reality. If Madame Lenin succeeds in getting out of Russia, which is after all no easy matter, as Trotzky discovered, she will be able to give a true picture of Russia and hope, of the naive accounts that the world had from such credulous individuals as constituted most of the different missions that went to Russia for investigation, and who have shown only the polished surface of the ugly inside of things.—New York Evening World.

A Reciprocal Tariff

Canada Would Reduce Duties on Certain Imported Goods

Hon. W. R. Motherwell, minister of agriculture, announced in the House of Commons that the Canadian Government was prepared to adopt a "brick for a brick" policy with the United States in the reduction of duties on cattle.

"Every step taken by the United States in the reduction of duties on cattle," he said, "in the way of a reduction in duty on Canadian cattle will be met by a corresponding reduction in the Canadian duty against American cattle."

We have a brick for brick policy," he said. "That is to say every brick the Americans take off the tariff wall against us will be met with the removal of a corresponding brick from our tariff against American cattle."

Mr. Motherwell announced that the government this month had passed an order-in-council authorizing the minister of finance to take such action as may be necessary in the direction of reducing the Canadian tariff on cattle in the event of the United States making similar reductions.

CRISIS IN EGYPT IS THE CAUSE OF GRAVE CONCERN

London.—With a ministerial crisis pending in Egypt and having in mind the aquittal of the alleged assassins of Sir Lee Stack, British Sir of the Egyptian Army in 1924, Great Britain has informed the Egyptian Government that it reserves "complete liberty of action."

The British Government is backing up this notification with the dispatch to Alexandria of a warship from Malta, denouncing this, however, as merely a precautionary measure for the protection of British and foreign interests.

The most important question at issue is the Egyptian premiership, which recent reports asserted was likely to be taken over by Zagloul Pasha, leader of the Nationalist party, whose partisans in the late elections carried a majority of the seats in the assembly. Zagloul Pasha is unacceptable to the British Government, so the tension has been relieved by later advices that Zagloul has, willingly or unwillingly, withdrawn his candidacy and that the new premier is likely to be Ady Yeghen Pasha, constitutional Liberal.

The cabinet, under Ziwar Pasha, these advices add, has not yet resigned, nor has Ady Yeghen definitely accepted the premiership. Not much news from Egypt has reached London for some hours, and the position, therefore, is somewhat obscure, but for the present there nothing to suggest important developments.

War On One Big Union

Winnipeg Mayor Says Means Must Be Found to Disclose Organization.

Winnipeg.—Open war to its ultimate extermination was demanded by Mayor R. H. Webb of Winnipeg in addressing the annual meeting of the Industrial development board here.

The organization, which is regarded as the left wing of the labor movement, has its headquarters in Winnipeg.

Mayor Webb declared some means must be found to disclose the O.B.U., which, he charged, was "undermining wages and development in the city." He criticized the federal authorities for granting the street railwaymen's unit of the organization a board of conciliation in effect to settle the present deadlock between the Winnipeg Electric Railway and the men. The traction company has refused to recognize the union or negotiate a new agreement with their employees who are affiliated with the O.B.U.

To Raise New Loan

Dominion Loan Not Exceeding \$150,000,000 To Be Bought.

Ottawa.—Authorization to raise a Dominion loan not exceeding \$150,000,000 will soon be sought from parliament by Hon. J. A. Robb, minister of finance. The loan is for the purpose of paying, redeeming or otherwise retiring the whole or any part of loans or obligations of Canada and for public works and general purposes.

The Dominion Government has \$35,000,000 in two-year notes maturing October 1, and \$8,000,000 in two-year notes maturing November 19.

Report Foreign Priests

San Salvador, Republic of Salvador.—The Guatemalan Government has deported a number of priests charged with interfering in politics. The government also has issued a decree forbidding Jesuit priests from entering the country and prohibiting the functioning of foreign priests without special government permits.

Franco-Syrian Treaty

Paris.—A Havaas dispatch from Constantinople says that the French ambassador, Albert Sarnat, and Tewfik Rashed Bey, foreign minister at Ankara, have signed a Franco-Syrian treaty. The treaty was negotiated several weeks ago by Henry De Jouvenet, French high commissioner for Syria.

Arrest U. S. Diplomat

Honolulu.—A special dispatch from Tokyo to Hichi Sha, Japanese newspaper here, says that O. K. White, a member of the United States embassy staff in the Japanese capital, was arrested while taking photographs in the Saico naval base.

Paris.—The Petit Parisien quotes a Rabat (Morocco) newspaper as saying that Abd-el-Krim, the surrendered Rifian chief, will probably be exiled to Corfu.

Protest From Livestock Board

Open Letter Sent to the Minister of Agriculture.

Winnipeg.—The board of directors of the Winnipeg Livestock Exchange has sent an open letter to Hon. W. R. Motherwell, minister of agriculture, in opposition to what is termed in the letter "propaganda" published to the effect that the livestock exchanges regulations on the western markets are opposed to the marketing of co-operative shipments of livestock and the pooling of livestock.

The letter states that the exchange had wired the minister, asking if he would be correctly quoted in recent interviews and that the following reply had been received from Mr. Motherwell:

"Gave no formal interview re matter referred to, but did draw attention of press men that co-operative marketing in west had now become so general and popular that at present stockyards regulations did not permit farmers pooling their livestock sales legitimately, then it might, and possibly would, be desirable to change such regulations."

The letter says the exchange "would be pleased to be advised by you just what regulations oppose the marketing of co-operative livestock or the pooling of livestock."

The letter points out that practically all exchanges in the west operate under the same regulations; that there are no restrictions prohibiting the practices named, and that the exchange "is not afraid to recommend them 'for good business reasons.'"

In regard to the latter it is stated that such regulations would affect all the commission firms operating on the Winnipeg exchange.

Tidal Wave in Burma

Death Toll Has Reached a Total Of 2,800.

Rangoon, Burma.—The death toll of the recent cyclone and tidal wave on the coast of Burma has reached a total of 2,800, according to a report submitted by the commissioner of the district of Arakan.

It is feared that the total number of deaths may reach almost 4,000 in the affected regions.

Huge property loss has been suffered in Arakan, which was swept by the terrible death-dealing gale. Residential buildings hurriedly built in a desparate but often vain effort to escape the pursuing death and they left their personal effects behind.

Relief work is progressing as well as possible, but it is said to be totally inadequate to meet the present situation.

Canadian Envoy To U. S.

Appointment Is To Be Made Says Senator Dandurand.

Ottawa.—Senator Dandurand, government leader, replying to a question in the senate, said the government intended to appoint a minister plenipotentiary to Washington. As to where the appointment would be made, Senator Dandurand said there had been no correspondence between the Canadian and the United States Government in reference to the appointment of an American ambassador to Ottawa.

Will Not Receive Degree

Cambridge University Withdraws Proposal to Honor Ramsey MacDonald.

London.—Cambridge University has withdrawn its proposal to bestow the honorary degree of Doctor of Laws upon former premier Ramsay MacDonald, parliamentary chief of the Labor party.

Notification was given that there would be some opposition in the senate of the university, and Mr. MacDonald intimated that he had no desire to receive a degree by majority vote.

Foot and Mouth Disease

London.—The foot and mouth disease of cattle is brought into England in the carcasses of pigs imported from the continent by British factors which cure the meat of the pigs. Hon. Walter Guinness, minister of agriculture and fisheries, made this statement in an address to the council of agriculture of Middlesex County at Guildhall.

Missing Evangelist

Los Angeles.—The Los Angeles Times says it has learned through confidential sources that Mrs. Minnie Kennedy, mother of Alice Sampson McPherson, missing evangelist, is negotiating with two men who declare they will return Mrs. McPherson for the \$25,000 reward recently offered by Mrs. Kennedy.

Says China Resents Foreign Interference

Geneva Representative Becomes Executive At Meeting of Opium Commission

Geneva.—China is sick to death over foreign interference in her domestic affairs.

Mr. Chu, the Chinese minister to Italy, made this declaration during a tempestuous session of the permanent opium commission in a violent altercation with the British delegate, Sir Malcolm Delveigne.

Sir Malcolm had criticized the importation of morphine into China.

He failed to make war on Great Britain.

"If you can find a Chinese who is not anti-foreign and not anti-British, I'll say he is not a good Chinese," exclaimed the minister.

The war battle became so heated that M. Bourassa, president of the Alberta school question to the Supreme Court of Canada.

Mr. Lapointe, minister of justice, announced in the house that the department of justice had in hand reference of the Alberta school question to the Supreme Court of Canada.

"I believe," said Mr. Lapointe, "that this solution is fair to all parties and I earnestly hope that this delicate question will in this way be settled definitely and removed forever from the field of controversy."

Mr. Lapointe said the amendment made by the legislature of Alberta to its bill to combat opium traffic before them on cattle rates, while there has been agitation by some live-

stock interests on this side to let down the bars as to feeder cattle other live-

stock interests are fighting the position: "With a congressional cam-

paign on and with the agricultural situa-

tion in the middle west, north-

ward and south unsatisfactory there is

little or no prospect, it is felt here, for

opening up the cattle tariff question.

At a special meeting of Livingstone Lodge No. 22, Knight of Pythias, on Friday night last, the second degree was conferred on a class of candidates in an able manner by a team from Turtle Mountain Lodge, Hillcrest. Following the meeting, refreshments were served.

Evidently they don't advertise over in England like we do in Canada. A couple of new arrivals were standing in front of a plumbing shop, in the window of which was a fine up-to-date toilet outfit. One of the young men from the old sod remarked: "I say, Bertie, just fancy placing one's bawh in such a conspicuous place, not to mention the othah."

A special attraction at the Orpheum Theatre on Friday and Saturday nights will be the eight-reel feature, Zane Grey's "Wild Horse Mesa," with Jack Holt, Noah Beery, Billy Dove and Douglas Fairbanks, junior. In addition there will be two reels of comedy and one of Fox News. Saturday afternoon matinee. Three-piece orchestra in attendance.

The sixth day of June was observed on the part of the members of the United Church of Canada. It is fitting that the church's gratitude at the end of the first year of her life should find expression in the service of public worship. During the past year the church has made rapid strides. For instance, there are more than 700,000 members and the church ministers to upwards of 2,000,000 people. There are more than 8700 congregations. Thus it will be seen the United Church in her various enterprises has a gigantic task to perform.

A real estate salesman tried to sell a house to a pair of Calgary newlyweds. Said the wife: "Why buy a house?" I was born in a hospital ward, reared in a boarding house, educated in a college, counted in an automobile, and married in a church; live in an apartment, spend my mornings playing golf, my afternoons playing bridge, in the evening we dance or go to the movies; when sick I go to the hospital and when I die I shall be buried from an undertaker's. All we need is a garage with a bedroom."

CHEER UP!

If you wake to find life gloomy; if you're saddened at the start; if you feel a curious sinking without reason, within your heart; if you're sure that something dreadful will overtake you in the day—oh, toss your head and grit your teeth, and laugh the morn away!

If you feel a bit discouraged; if your work goes quite awry and the world seems all "agin" you, though you try and try and try. If you're filled with queer forebodings; if you're cold and sad, and grey—eh, toss your head and grit your teeth and laugh the morn away.

If you come a nasty cropper, as we all do, time again, and your plans are smashed to pieces and your luck seems on the wane; and you feel a deep resentment 'gainst the day that you were born—oh, toss your head and grit your teeth, and laugh the morn to score!
